Writing task

Describe the stadium. What is this place? How has it changed over the years? What used to happen here? What happens here now? Why has it changed so much? Will it ever be the same again? Have you ever been to a stadium? What did you see happening there? Why are stadiums like this built?

Writing inspiration

This place had once been filled with noise, thousands upon thousands of excited fans cheering as they applauded 'the beautiful game' being played in front of them.

Now, all that remained were memories. Would this place ever be restored to its former glory?
