

PE and Sport Premium at Springfield

At Springfield, we know that all children are entitled to an excellent physical education and we believe that all children can develop the competence to excel in a broad range of physical activities. We understand the importance of a well-structured and ambitious PE curriculum, supported by carefully planned use of the Sports Premium funding, in promoting life-long habits of physical activity with the potential to positively impact our children's long term physical and mental health and wellbeing. Our vision for physical education at Springfield is to engage and inspire pupils to develop both a love of being physically active and a confidence and competence to participate in a range of challenging physical activities.

We aim to:

- Develop confidence, skills and knowledge for all members of our school community.
- Encourage children to be proud of their achievements.
- Promote fair play and respect.
- Educate children to improve health and wellbeing.
- Provide quality opportunities for children both inside and outside of school.

Key Indicators we are seeking to continuously improve:

1. engage all pupils in regular physical activity
2. provide a rich offer of sporting activities so that all children develop an enjoyment of physical activity
3. ensure equity of access to all sports for all children

For the year 2023-24, our aims are:

1. engage all pupils in regular physical activity to increase levels of physical fitness and wellbeing
2. increase the profile of PE and Sports in school
3. Increase family engagement with sports events
4. Increase the number of children in KS2 who learn to swim confidently by the end of primary school.

Key achievements to date:	Areas for further improvement and baseline evidence of need:
<p>Springfield Community Primary School school was awarded a Silver National Sports Mark from School Games in July 2018, in recognition of the work it has done to raise the profile of sports in school. This has included significantly increasing the number of competitions that the school participates in, introducing children to a range of sports and ensuring that children are increasingly engaged in physical activity throughout the day.</p> <p>Staff involved in teaching PE are well qualified. An experienced Sports Coach leads on PE and the quality of teaching is high. The quality of teaching is monitored and CPD has ensured that it continues to improve. The Sports Coach has directed time for planning and works with SLT to continue to develop the quality of PE across the school.</p> <p>A range of after- school and morning clubs are focused on increasing physical activity. The number of children participating in these clubs has increased . The school invested heavily in CPD, including training our Sports Coach to become a Forest School leader. This has enabled us to increase the amount of time children are engaged in active, outdoor learning.</p>	<p>Increase the amount of time for physical activities that ensure children ‘get out of breath’.</p> <p>Continue to strengthen instruction and engagement in racket sports</p> <p>Continue to offer out a range of after school clubs to increase fitness levels</p> <p>Create links between physical activity and wellbeing</p>

Academic Year: 2023/2024**Total fund allocated: £17,665****Date: June 2023**

Aim <i>What are we setting out to achieve?</i>	Planned Actions <i>What actions will we take?</i>	Outcomes - Impact <i>How will we know we have been successful?</i>	Funding Allocated <i>How much can we spend to achieve this?</i>
Engage all pupils in regular physical activity to increase levels of physical fitness and wellbeing	Daily fitness activity for each class Daily fitness including a reflection on how a 'healthy body supports a healthy mind' All PE lessons have a cardiovascular workout element to address fitness and stamina - all children supported to get out of breath Promote walking, cycling and scooting to school Subsidising clubs which will develop fitness levels for disadvantaged families/those with more than one child Lunchtime skipping	Increased fitness levels for all. Children understand the link between physical activity and their wellbeing. Observations of PE lessons show that children are being physically challenged. More children walk, cycle or scoot to school. All or most children (Rec-6) take part in at least one after school club that develops fitness level.	£6365
Increase the profile of PE and Sports in school	Assemblies which celebrate sporting achievements, what it means to be a sportsperson and inspirational athletes from a range of diverse backgrounds Continue to participate in a range of competitions with mechanisms to ensure equity in participation Lunchtime staff will be trained to run an increased number of purposeful fitness-focused lunchtime games and activities including skipping	Children will be aware of local, national and global sporting events and the achievements of selected athletes. Children will have knowledge of the qualities of certain athletes that enable them to become role models. Children across the school participate in a range of competitions. Lunchtime staff are confident to run an increased number of purposeful fitness-focused lunchtime games and activities and participation rates are high.	£5500
Increase family engagement with sports events	Continue to take children to PA and Hackney competitions and run annual sports day., inviting families to all sports events.	High family turnout at sports competitions and sports day.	£2500

	<p>Share sporting achievements and activities with families via our social media platforms so they can be mirrored and reinforced at home.</p> <p>Sports Showcase event where children share their confidence and skills in a range of sporting activities with families at the end of a half-term.</p>	<p>Strong family engagement through social media.</p> <p>High family turnout at sports showcases.</p>	
<p>Increase the number of children in KS2 who learn to swim confidently by the end of primary school.</p>	<p>An intensive swimming course for Year 5.</p> <p>Awareness-raising with families of the importance of swimming as a potentially life-saving skill, as well as an enjoyable form of physical exercise with positive wellbeing effects.</p>	<p>A higher proportion of children will be able to swim confidently by the end of primary school.</p>	<p>£3300</p>
